

AGN. NO. _____

MOTION BY MAYOR MICHAEL D. ANTONOVICH

JUNE 20, 2011

The Permit and Land Management Solution (PALMS) Project was intended to streamline the county's cumbersome development process. The recommendations of the previous consultants determined that the project was too expensive at \$20 million. Instead, smaller and additional cost-effective measures were identified called the Palms Bridge Project.

I, THEREFORE, MOVE, that the Director of Regional Planning and the Director of the Department of Public Works to report back to the Board in 30 days on the status and implementation of the Palms Bridge Project.
